

Product Description

MASTER LEDspot LV AR111

Delivering a warm , halogen-like accent beam, MASTER LEDspot AR111 is an ideal retrofit solution for spot and general lighting applications in the hospitality and retail industry. It is particularly suitable for general lighting where the light is on all the time, such as creative accent lighting applications in shops, restaurants, hotels, and especially for galleries, exhibitions and museums. The robustly designed MASTER LEDspot AR111 offers various beam angles for a clearly defined beam spread. There is no UV or IR in the beam, making it suitable for illuminating heat-sensitive objects (food, organic materials, paintings, etc.). The patented intelligent driver enables broad compatibility with existing electromagnetic and electronic halogen transformers. MASTER LEDspot AR111 delivers huge energy savings and minimizes maintenance cost without any reduction in brightness.

Voordelen

- Warm white light
- Up to 80% energy saving compared with halogen lamps
- Lower maintenance costs
- Broad compatibility with transformers

Kenmerken

- Retrofittable
- Lifetime of 45000 hours
- Patented intelligent driver
- Clearly defined beam spread
- UV- and IR-free light for less heat and protection for heat-sensitive objects
- Free of mercury and hazardous materials

Toepassing

- Shops, hotels, restaurants, bars, cafés
- Galleries, museums, exhibitions, lobbies, corridors, stairwells, washrooms, reception areas
